GENERAL INFORMATION FOR SPONSORS AND EXHIBITORS

This document provides information about the existing opportunities for sponsorship and trade exhibition space at this specialized event.

WHAT AD 12 IS?

The 12th World Congress on Anaerobic Digestion (AD12) will be held from October 31st to November 4th, 2010 in Guadalajara, Jalisco México. The overall aim of AD12 is to explore the advances, frontiers and applications of anaerobic digestion for a more sustainable planet. The theme of the conference is “Anaerobic Digestion: Water and Energy for the World”. Consequently, this and other relevant issues will be addressed to promote experience exchange and international cooperation.

We are expecting more than 600 delegates due to the traditional high scientific and technical level of the congress. AD12 is the ideal forum to present recent advances in the area, either research results or new products and technologies, considering the global and multidisciplinary audience that will attend. World renowned specialists, as well as representatives from the public and private sectors will be present.

AD 12 – THEMES AND TOPICS

The theme of the conference is “Anaerobic Digestion: Water and Energy for the World”. Consequently, participants of this congress will learn and discuss about recent advances in the AD area, either research results or new technologies. The main topics to be covered during the congress are the following:

- *New developments on AD*
- *Microbial ecology and molecular biology*
- *Growth modes (e.g. granulation, biofilms)*
- *Sulfate/sulfide conversion*
- *Biodegradation of recalcitrant chemicals*
- *Gas production and utilization*
- *Recovery of energy from waste materials*
- *Microbial fuel cells*
- *Process inhibition*
- *AD Modeling*
- *Automation and control of AD processes*
- *Sewage treatment*
- *Industrial wastewater treatment*

- *Nutrient recovery issues related to AD*
- *AD of sludge and biosolids production*
- *AD of solid waste*
- *Full-scale experience*
